REGULATIONS:

- Endangered or Threatened species may not be collected, possessed or sold without a license. Special concern species do not receive similar protection. Box turtles (*Terrapene* ssp.) and Wood Turtles (*Clemmys insculpta*) receive protection as Game Species with no open season. Neither species may be collected or possessed without a license.
- No person shall liberate any species except under permit. No reptiles may be collected in the state without a license. Licenses will only be issued for propagation, scientific, or exhibition purposes. Unprotected species may be possessed without a license provided they were legally obtained. The Department's policy is not to issue a Scientific Collector's License to individuals who wish to keep protected species as pets.
- **Public Health Law regulates the sale of unprotected turtles in New York. Aquatic or Semi-aquatic turtles with a carapace length UNDER 4-inches MAY NOT BE SOLD. Aquatic or Semi-aquatic turtles WITH A CARAPACE length GREATER than four inches MAY BE SOLD.**
- Diamondback Terrapin may be taken from August 1-April 30 with a Diamondback Terrapin License. Diamondbacks with a carapace length less than four inches or greater than seven inches are not allowed to be taken.
- NO CROCODYLIA (e.g., caimans, alligators, crocodiles) may be sold or displayed without a proper permit.
 - NO FEDERALLY PROTECTED SPECIES may be sold or displayed without a proper permit.
